CAVE SPRING

In 1978, John Pennachetti, Sr. and his son Leonard planted some of Niagara's first European varieties at Cave Spring Vineyard, located high up on a terrace of the Niagara Escarpment overlooking Lake Ontario known as the Beamsville Bench. The site caught their attention for its gentle slope and stony, limestone-rich soils, holding great promise for cool-climate viticulture. In 1986, together with winemaker Angelo Pavan, the family founded Cave Spring Cellars. With an international reputation for its age-worthy Rieslings, Cave Spring is also known for outstanding Chardonnay, Pinot Noir and Cabernet Franc, among other cool-climate varieties.

The original family estate was established in 1856, but the Cousiños recently moved many of their vines to a new estate at Buin, and built a new winery there. Few wine producers have the opportunity to make a completely new start, incorporating the best of their age-old experience, their unique vines from their personal greenhouse and the most contemporary technology available. As the technology continues to advance in the vineyards and in the wineries around the world, Cousiño-Macul has seized this opportunity and taken a grand leap into the future.

Cline Cellars

Sonoma, California
clinecellars.com

United States

Cline Cellars was founded in 1982 by Fred Cline in Oakley, California where Cline owns and controls 300 acres of some of the oldest surviving vines in California. Today, Zinfandel, Carignane and Mourvèdre produced from these vines are some of the most unique and historic wines made in California. In 1991, the winery relocated from Oakley to the Carneros region of Sonoma County on a historic 350-acre estate with new vineyards and facilities. While much of the cool Carneros region is planted to Chardonnay, Pinot Noir and Merlot, Fred Cline pioneered the planting of Rhône varietals including Syrah, Viognier, Marsanne and Roussanne.

The winemaker Charlie Tsegeletos was raised in Northern California by an Italian mom and a Greek dad. In 1979, Charlie earned his degree in Agricultural Science and Management/Plant Science from the University of California at Davis and began his wine-making career in 1980 at the age of 24 as an apprentice for Pendleton Winery. Charlie joined Cline Cellars in 2002 and is responsible for wine-making and production for the winery's Cline, Oakley and Jacuzzi Family Vineyards brands.

"BEYOND ORGANIC & GREEN STRING CERTIFIED"

Cline Cellars farms the Green String way - naturally and sustainably and avoid chemical pesticides, fungicides, and fertilizers that are generally used in everyday farming. We believe we utilize the most efficient methods towards retaining healthy vineyards by employing the use of organic cover crops, compost teas, crushed volcanic rock and oyster shell, natural mined sulfur and sheep grazing.

Brothers Robert William and John Harvey built Bruichladdich in 1881 on the edge of the Loch Indaal on the most westerly point of Islay. After several corporate amalgamations, the distillery was found to be “surplus to requirements” and was closed down in 1995. Re-opened in 2002, it produced this First Edition of the “new” Bruichladdich under the guidance and genius of Master Distiller Jim McEwan. Each whisky has been small batch bottled with Islay spring water to 46% alcohol without added colour, chill-filtration, or homogenization.
